INVESTMENT OBJECTIVE

The investment objective of the Fund is to generate medium term capital growth by investing in securities issued by companies that are undertaking an initial public offering or by investing in companies that have listed on UAE exchanges in the previous 24 months. The Fund may also on a temporary basis invest up to 75% of its assets in cash or cash equivalent instruments (such as cash deposits, money market instruments, up to A- rated short-term bonds, etc.), if there are limited attractive IPO investment opportunities in the near-term.

INVESTMENT STRATEGY

The investment strategy of the Fund will be bottom-up fundamentally driven. The focus will be on the companies whose securities can provide strong price appreciation based on a number of factors, such as but not limited to solid earnings growth potential, cheap valuation, high dividend yield and unique product/services offering.
