

Fund Name and Reporting Period

Allianz Income and Growth Feeder Fund

18th July 2024 to 31st March 2025

Fund Performance during the reporting period

The investment objective of the Sub-Fund is to generate long term capital growth and income by investing in the Master Sub-Fund. The investment objective of the Master Sub-Fund is to invest in corporate debt securities and equities of US and/or Canadian equity and bond markets.

The Sub-Fund is a Feeder Fund and will invest substantially all of its assets in Allianz Income And Growth (the "Master Sub-Fund"), a sub-fund of Allianz Global Investors Fund (the "Master Fund")

Allianz Income and Growth Feeder Fund's AM class returned -0.30% during the performance period of 27th September 2024 to 31st March 2025. The performance reporting period starts from 27th September 2024 as the first subscription was received on this day. By the nature of its investment objectives the Fund is exposed to same factors impacting the Master Fund. During the period factors such as tariff uncertainty, higher for longer rates and US elections impacted the fund performance.

Global equities moved from a Fed-driven risk-on rally in September 2024, through a post-election US exceptionalism trade in November-December, to a sharp Q1 2025 rotation away from expensive US mega-cap growth as DeepSeek, tariffs and softer US growth expectations changed the market narrative.
